

G2-M1-Lesson 1

Fluency Practice

Making ten and adding to ten is foundational to future Grade 2 strategies. Students use a number bond to show the part-whole relationship with numbers.

$$10 = 7 + 3$$

I need to be careful when looking at the signs.
This says 10 *equals* $7 + \underline{\quad}$, not 10 *plus* $7 = \underline{\quad}$.
That means 10 is the same as $7 + 3$.
